While tasting through barrel lots from the 2014 vintage, we selected a small number of our favorite barrels to create a unique red blend that reflects the highlights of the vintage. This wine has a new label and a new name: Neshama.

The Petit Verdot showed such exceptional color and depth, we have used it as the core element. The Malbec married beautifully with the Petit Verdot. And to add a bit more intensity, we added a small amount of Syrah from our stellar Moaveni vineyard in Bennett Valley.

This final blend has been aging gracefully in the bottle for 9 months. Only 169 cases were produced.
