SPECIAL RESERVE

CABARNET SAUVIGNON - RED WINE

One of the winemaker's biggest challenges is the selection of a region of each grape variety. The journey to discover the best region for each variety has led to this Special Reserve series of wines. The grapes for this Special Reserve Cabernet Sauvignon were grown in the Upper Galilee region on volcanic and Terra Rossa soils. A complex and intense wine resulted that was aged in oak barrels for 18 months which will continue to mature in suitable storage conditions.
