

Vitkin Cabernet Franc displays a deep purple-black color, sharp and outstanding aromas of fresh fruit (black cherry, cassis), green pepper and smoked meat. Because of its youth it is relatively closed, but after airing it reveals acute, concentrated tastes of red-black fruit, green spices and a little anis (characteristic of this variety), balance and freshness with a steady and complex extension.

100% Old Vine Carignan from Carmel mountain slopes has a ruby-black purple color, a balanced structure, very thick and complex. It has a lengthened extension, a blend of strong aromas and tastes comprising prune and blackberry, herbs and an earthy minty tendency.
