Farbrengen = a public gathering which usually involves introspection and contemplation among friends. Reb Hillel Paritcher extolled the power of a Chassidic farbrengen when he said,
"What a Chassidic farbrengen can accomplish, the angel Michael cannot achieve."

"The Levites" service of G-d was to raise their voice in melody and thanksgiving, with song and music, tunefulness and harmony. Music characteristically combines varied and even opposite moods, some serious and others happy."
