

ALTITUDE +624

BARKAN

Cabernet Sauvignon

This deep garnet Cabernet Sauvignon from our Altitude Series is derived from our cool climate, high altitude vineyard at Moshav Alma (624 meters above sea level) in the upper Galilee. To achieve its intense body and taste, solid tannic structure and elegant finish, the wine is aged in new French oak barrels for 14 months. The sweetness of raspberries and black cherries, oriental spices, vanilla and cinnamon provide a tantalizing sensory experience. This wine pairs well with red meat, pasta, lamb and strong cheese. Enjoy Cabernet Sauvignon +624 and try our other Altitude wines in this exciting series-each with its own unique character. Barkan's Altitude Cabernet Sauvignons are the true height of distinction.

This bottle is from a limited production of only 11052 bottles and 291 magnums.
